

BOMIS ADVISORY
IDEAS CREATE VALUES

COMPANY PROFILE

- Bomis Advisory is a business consulting company based in Croatia and has been operating since 2012.
- Our services include EU Project Management, Business Education, Investment Advisory services and Public Procurement.
- We collaborate on the business development process of start-ups and participate in their growth phase. Our focus is on quality projects and the companies we work with to run them through EU funds, grants, mutual funds and loans to find the best financing solution for their projects.
- We have several successfully completed projects funded by EU funds (IPA, European Regional Development Fund, European Social Fund) that have generated more than € 3 million in grants and subsidy loans for our clients.
- Participation in projects worth around € 100 million

Vision

To be recognizable business consulting company and the first point for clients who need advisory services in the fields of business development, strategy, project finance and investments.

Mission

Our mission is to create superior value for our clients, partners, employees and associates, with positive impact on the global community and environment.

Values

- Business excellence
- Quality
- Honesty
- Innovation
- Integrity
